**PROPOSED ADMINISTRATIVE RULES – HFS 39  
ANALYSIS FOR LEGISLATIVE STANDING COMMITTEES  
PURSUANT TO S. 227.19 (3), STATS.**

**Need for Proposed Rules**

The proposed order creates rules under the authority of s. 48.195 (6), Stats., to guide the process by which a parent may voluntarily relinquish custody of a newborn who is 72 hours old or younger and sets forth the process by which a law enforcement officer, emergency medical technician, or hospital staff member may take custody of the newborn.

The proposed order, as does s. 48.195 (2) (c), Stats., prohibits any officer, employee, or agent of this state or of a political subdivision of this state from attempting to locate or ascertain the identity of a parent who voluntarily relinquishes custody of a newborn or of any person who assists the parent in that relinquishment, unless the officer, employee, or agent has reasonable cause to suspect that the newborn has been the victim of abuse or neglect, as defined in ss. 48.02 (1) and 48.981 (1) (d), Stats., or that a person assisting the parent has or is attempting to coerce or induce the parent into relinquishing custody of the newborn. This does not prevent the parent or person assisting the parent from providing such information voluntarily.

Nothing in the proposed order is intended to affect the manner in which a law enforcement officer, emergency medical technician, or hospital staff member performs the duties prescribed by law, licensure or certification to be performed by a law enforcement officer, emergency medical technician, or hospital staff member.

The department's authority to create these rules is found in ss. 48.195 (6) and 227.11 (2), Stats. These rules interpret s. 48.195, Stats.

**Response to Clearinghouse Recommendations**

Except as follows the department accepted all comments of the Clearinghouse and modified the rule as suggested.

Clearinghouse comment Section 2 a: *Since the applicability of the definitions in s. HFS 39.03 is established by "In this chapter," it is not appropriate to use "...as defined in s. HFS 39.03 ..." elsewhere in the chapter. See ss. HFS 39.03 (21) and 39.05 (1) (b).*

The department modified the sections of the rule to which this comment applied as recommended except s. HFS 39.05 (b). Section HFS 39.05 (b) was not changed because it is intended that only hospital staff members as specified in s. 39.03 (4) (a) to (h) would be responsible for taking a child into custody. The hospital staff member specified in s. HFS 39.03 (14) (h) is a hospital staff member who is designated in a hospital policy to only *dispatch* personnel. It is not intended that this person would be taking a child into custody. For clarification, the term "defined" as used in s. HFS 39.05 (b) was changed to the term "specified".

**Public Hearings**

The Department scheduled two (2) public hearings on the proposed rules. The hearings were scheduled for the following places on the noted dates:

- April 7, 2003      Milwaukee

- April 8, 2003      Madison

Due to a severe winter snowstorm, the public hearing in Milwaukee was cancelled. The Madison hearing was held as scheduled.

The Department received comments on the proposed rule from only three persons. All other comments made were regarding the draft brochures that the Department had developed related to the rule. Since the brochures are not part of the rule, we have not dealt with the comments related to the brochures in this report, although those comments were considered in the development of the final draft of the brochures.

The Department made changes to the proposed rules in response to the public comments on the proposed rule. For the most part, these changes related to strengthening language to assure the anonymity of the parent relinquishing the newborn and any person assisting the parent in such relinquishment.

### **Final Regulatory Flexibility Analysis**

**The proposed order will not have a significant economic impact on small businesses.**

### **Proposed Ch. HFS 39 Hearing Attendees or Commenters**

The following is a complete list of the persons who attended a public hearing or submitted written comments on the proposed Ch. HFS 39 or the model brochure(s) developed by the Department. With each person's name and affiliation is an indication of the individual's position on the proposed rules and whether or not the individual testified or provided written comments. **Summary of Proposed Chapter HFS 39, Relinquishing Custody of a Newborn Child  
Public Hearing Testimony and Department Responses**

<b>Rule Reference</b> (citation in brackets corresponds to citation as found in the final proposed rule)	<b>Comment</b> (numbers indicate person making comment)	<b>Department Response</b>
General	There are two issues I would like to address that may avoid any abandonment or neglect findings against the mother. Other than law enforcement and hospital personnel, (not that I want social workers to have additional work), I believe social services/human services should be allowed to accept the newborn. Once relinquished to this department, the social worker must contact law enforcement or a hospital/clinic immediately so the baby can receive prompt medical care. There may be some circumstances that a mother will feel more comfortable relinquishing her baby to a department that generally cares for children on a continuous basis. Secondly, I believe if a mother relinquishes her baby inside the facility where the baby will be seen by the facility's staff, the mother should not be subject to criminal proceedings. Currently, there is a county whereby this situation occurred. The mother is going through a CHIPS action on abandonment or neglect. (6)(7)	No change. The issues discussed in this comment are beyond the scope of the proposed rule.
HFS 39.09 (6)	Restate to indicate that no identifying information that applies to parent or person assisting the parent may be documented. (8)	We have added language indicating that only non-identifying information be documented. However, it is unclear whether this will impact on individuals taking a

		child into custody since they generally document, for a variety of reasons, all information pertaining to their activities.
HFS 39.10 (4)	Note: Add Website availability and address <b>(8)</b>	We have added the web address.
HFS 39.10 (5)(c)	Worried about the use of "any person." Needs to be more specific. <b>(8)</b>	We have changed the sentence to read "Any relevant information relating to the relinquishment given to an employee or agent."
HFS 39.10 (5)(e)	Restate to indicate that no identifying information that applies to parent or person assisting the parent may be documented. <b>(8)</b>	We have added language indicating that only non-identifying information be documented. However, it is unclear whether this will impact on individuals taking a child into custody since they generally document, for a variety of reasons, all information pertaining to their activities.

PROPOSED ORDER OF THE  
DEPARTMENT OF HEALTH AND FAMILY SERVICES  
CREATING RULES

The Wisconsin Department of Health and Family Services proposes to create HFS 39, relating to voluntarily relinquishing custody of a newborn who is 72 hours old or younger.

Analysis Prepared by the Department of Health and Family Services

This order creates rules under the authority of s. 48.195 (6), Stats., to guide the process by which a parent may voluntarily relinquish custody of a newborn who is 72 hours old or younger and sets forth the process by which a law enforcement officer, emergency medical technician, or hospital staff member may take custody of the newborn.

This order, as does s. 48.195 (2) (c), Stats., prohibits any officer, employee, or agent of this state or of a political subdivision of this state from attempting to locate or ascertain the identity of a parent who voluntarily relinquishes custody of a newborn or of any person who assists the parent in that relinquishment, unless the officer, employee, or agent has reasonable cause to suspect that the newborn has been the victim of abuse or neglect, as defined in ss. 48.02 (1) and 48.981 (1) (d), Stats., or that a person assisting the parent has or is attempting to coerce or induce the parent into relinquishing custody of the newborn. This does not prevent the parent or person assisting the parent from providing such information voluntarily.

Nothing in this chapter is intended to affect the manner in which a law enforcement officer, emergency medical technician, or hospital staff member performs the duties prescribed by law, licensure or certification to be performed by a law enforcement officer, emergency medical technician, or hospital staff member.

The department's authority to create these rules is found in ss. 48.195 (6) and 227.11 (2), Stats. These rules interpret s. 48.195, Stats.
